

Congratulations on Successful Completion of Synergy Summer Internship 2025

Ishika Gupta
IIM AHMEDABAD

▶ My experience at Synergy has been great. The learning has been immense, with something to learn everyday. Working on financial model has been fun. The work culture at Synergy is great too. The team is quite supportive and fun, which makes the internship experience even more memorable. Overall, I am looking forward to work in the company in the future too.

Working at Synergy has been a great experience. As an intern I've got to improve my finance skill-set while also learning key management values like communication and teamwork. It has been an especially helpful learning environment for me because of two key reasons:

1. Nobody at Synergy refused to answer any doubt I've had. Everyone is incredibly approachable and have taken out time to help me
2. Even as an intern I've gotten a chance to work on real live projects, and client-facing work. Both aspects have made this internship a very fulfilling experience.

Praneeth Pathipati
IIM AHMEDABAD

▶ Interning at Synergy has been an enriching experience. I'm grateful to my team for being approachable and supportive, and for giving me the chance to contribute to live projects. This internship gave me valuable exposure to different aspects of Project Finance, and the learning has been immensely rewarding. Seeing your work being delivered to the client was especially fulfilling. What stood out most was Synergy's collaborative culture and open door policy where everyone is eager to help each other. Overall, I've gained meaningful insights, practical experience, and truly enjoyed my time at Synergy.

IIM CALCUTTA

My time as an intern at Synergy Consulting has been immensely rewarding. Throughout my internship, I had the privilege of working alongside individuals who were not only extremely professional but also genuinely friendly and approachable. The exposure I gained by working on multiple projects gave me a holistic understanding of the industry and allowed me to appreciate the breadth of work that Synergy undertakes. I am appreciative of the mentorship I received during my time here, and the collaborative and supportive environment made it easy to seek guidance and learn from experienced colleagues.

My internship at Synergy was a valuable experience, providing exposure to meaningful projects. I gained practical skills and appreciated the supportive environment for learning and growth.

Garvit Saini
IIM CALCUTTA

I am grateful for the invaluable experience of working at Synergy Consulting as an intern. Despite the brief duration of 2 months, I was entrusted with meaningful tasks in live projects that challenged me and accelerated my learning curve. I picked up new skills and got a better understanding of how things work in project finance.

IIM INDORE

My internship at Synergy was a highly rewarding journey. From day one, I was welcomed into a team that encouraged learning, collaboration, and initiative. Working on live assignments in the Project Finance space offered me practical exposure and helped me bridge the gap between classroom concepts and real-world application. The opportunity to contribute meaningfully and see the impact of my work was truly motivating. What I appreciated most was the inclusive work environment and the constant support from mentors and peers. I look forward to staying connected with the amazing people and work at Synergy.

It was excellent. During the course of time, my team involved me in various live projects and client meetings, and I had a steep learning curve, which is exactly what I expected before joining as well. Also, I am liking the work environment over here. And with respect to the HR team, the amount of effort the team puts into ensuring the interns get a good experience by collecting frequent feedback is amazing. Given the full-time opportunity, I will definitely accept the PPO as it aligns with my interests and career goals.

Atharva Rangnekar
IIM KOZHIKODE

Synergy was a great experience in the world of Project Finance. I was able to learn the basic concepts through a highly accelerated training schedule. From day one, I was involved in key deliverables, which gave me the opportunity to gain hands-on experience in financial modelling. During my time here, I experienced a steep learning curve. My team has been very helpful and supportive, with everyone taking time out of their schedules to talk to me and clear my doubts. The mentorship has been truly amazing. Synergy also takes care of food and comfort, ensuring that you have nothing to worry about apart from your work. In summary, I loved my time here and hope to be back soon.

▶ My internship at Synergy Consulting has been a truly enriching experience. Each day presents a new opportunity to learn and grow, both technically and intellectually. A major highlight has been developing a real estate financial model from the ground up—an exercise that challenged me to think logically, structure assumptions clearly, and ensure financial integrity across the model. It pushed me to connect various elements like revenue projections, cost structures, and funding logic into a cohesive framework. I also got exposure to Synergy's base model and am currently studying non-PPP real estate financing structures. These past 1.5 months have sharpened my analytical thinking and deepened my understanding of infrastructure finance.

My internship at Synergy Consulting has been a truly valuable experience. I had the opportunity to work on a live renewable energy project, which helped me understand the financial, and strategic aspects of how such projects are structured. During my time here, I learned how to build project finance models, compare different types of tariff structures (like dispatch-based and availability-based) for solar and battery projects. The team guided me whenever I needed and my experience with live energy project has grown my interest in infrastructure finance.

▶ Synergy has provided an excellent opportunity to deepen my understanding of project finance. The valuable work exposure and supportive colleagues have significantly contributed to my professional growth and learning. I am confident that the knowledge and skills gained at Synergy will be instrumental in advancing my career and enabling me to make meaningful contributions.

My internship at Synergy has been a transformative experience and my first deep dive into the world of project finance. Over the past 50 days, I've had the opportunity to work on real financial models, review important project documents, and understand the intricacies of infrastructure financing. The team has been extremely supportive, creating an environment where learning is encouraged and guidance is always available. This experience has not only strengthened my technical understanding but also clarified my interest in pursuing a career in project finance. I'm grateful for the exposure, mentorship, and responsibility entrusted to me during this time.

My internship at Synergy Consulting was an enriching experience. I gained in-depth knowledge of project finance through well-structured tasks. By the first week, I had both financial modeling (FM) and research tasks. Rohan provided excellent guidance on the FM model, helping me contribute meaningfully. The research task was also conducted systematically, with my mentor providing valuable feedback through multiple drafts and corrections. Overall, the internship helped me enhance my skills and apply my learning in a practical setting.

IIM RANCHI

My summer internship at Synergy Consulting was an incredible learning experience. As a fresher, getting hands-on exposure to real-world projects and seeing how things work in a corporate environment was invaluable. From day one, interns are treated like full-time employees and even receive proper training to get started. I had the opportunity to work across different projects, which broadened my understanding and skill set. The team is extremely supportive and always ready to guide you. Grateful for this enriching experience—and I'm definitely looking forward to working with Synergy again in the future.

IIM SHILLONG

▶ My summer internship at Synergy Consulting was a valuable learning experience. Being in a front-end role, I worked on a live project, joined client calls, and gained hands-on exposure to financial modelling and project finance. The internship offered a variety of tasks, broadening my understanding of the field. The company's flat structure allowed direct learning from top management. My mentor, Jasmeet played a pivotal role by providing clear goals and constant guidance. This experience not only strengthened my technical skills but also enhanced my professional confidence. I'm grateful for the opportunity and would highly recommend the internship to anyone seeking exposure in the field of finance.

A great place to learn and contribute to both the firm's and one's personal growth. The team is supportive, approachable, and always ready to guide. The work culture is positive, with a good balance of professional development through employee training and engaging initiatives like Fun Fridays and business quizzes.

Mahesh Mundada
IIM SHILLONG

▶ My internship at Synergy has been a highly enriching and rewarding experience. It offered a steep learning curve, allowing me to explore complex and impactful topics that are still in their early stages. I appreciated the autonomy I was given in handling tasks, from research to execution, while having access to insightful guidance whenever needed. My mentor's clarity and approachability made it easier to navigate challenges and deepen my understanding of both financial modelling and policy research. This experience significantly contributed in value addition to my skill set.

“Great learning happens where curiosity meets purpose.” My internship at Synergy has been a dynamic journey of learning, collaboration, and discovery. From engaging with real financial models to contributing to large-scale projects in our own small but meaningful ways, every experience deepened my understanding of how finance shapes real-world outcomes. Exposure to diverse assignments and industry insights turned classroom theory into practical skill. What stood out most was the collaborative spirit—working alongside thoughtful mentors who encouraged curiosity and excellence. Synergy offered the rare gift of meaningful work and genuine growth. These six weeks have not only broadened my perspective but also laid a strong, lasting foundation for my journey in finance.

My past few weeks at Synergy have been an enriching and hands-on experience. I had the opportunity to work on multiple live projects, each involving collaboration with different team members. My responsibilities spanned making presentations for clients within close deadlines, research, financial modeling, and report preparation, covering various facets of project finance. This exposure has significantly strengthened my understanding of the domain and helped me build practical and transferable skills. I’m especially grateful to my mentor, Karuna, and all my colleagues for their constant guidance, patience, and support. I sincerely thank Synergy for the opportunity to contribute and learn at a leading global organization.

Imon Dutta
SJMSOM, IIT BOMBAY

These two months at Synergy has been a great experience for me. Project Finance was a completely new topic to me, but the training sessions here greatly helped me grasp its concepts and complexities. I also got a detailed understanding of Financial Modeling, which significantly increased my knowledge of Finance. From the very beginning, Synergy included us in all organizational events and activities and it never felt like we were just interns who were here for just 2 months. This has been a great transformative journey and I am highly grateful to Synergy for this opportunity.

▶ My internship experience at Synergy has been rewarding. I had the opportunity to work on a live project, which helped me develop knowledge of project finance and gain experience in financial modelling. Working on client requirements helped me improve my presentation skills. Most importantly, I had the opportunity to work with an incredible team that supported and guided me throughout this journey.

My experience at Synergy Consulting has been incredibly enriching. I had the opportunity to develop professional client presentations and contribute to live financial model, which deepened my understanding of the phases involved in executing a hydropower project—right from kickoff to stakeholder discussions. Working closely on lender requirements and understanding the significance of PPAs and other bankability agreements gave me practical insights into structuring viable projects. Aligning the financial model with the client’s initial requirements further enhanced my analytical and problem-solving skills. Thanks to entire Synergy team for continuous support and mentorship, which contributed to my professional and personal growth.

Kushal Gupta
FMS, NEW DELHI

▶ My internship at Synergy Consulting was a great learning experience. Project finance was a new domain for me, but the team was very supportive and always ready to help. I could approach anyone with questions, and they made time to explain things clearly and patiently. I worked extensively on financial models and participated in client meetings, gaining real insight into how project finance works in practice. The learning environment was encouraging, and I grew a lot both professionally and personally. Overall, it was a rewarding experience that helped me build valuable skills and confidence in this dynamic field.

Congratulations on Successful Completion of Synergy Summer Internship 2025

Vatsala Rathi
FMS, NEW DELHI

My two-month internship at Synergy Consulting has been a truly transformative experience. From day one, I was immersed in a dynamic and intellectually stimulating environment where every day presented new learning opportunities and a culture of positivity. Coming from a background with limited exposure to project finance, I initially found the field both vast and complex. However, the guidance and support I received from the entire team made the learning curve not only manageable but deeply rewarding. The team's willingness to share knowledge, answer questions, and involve me in real project work helped me gain a strong foundational understanding of financial modeling, risk analysis, and the structuring of infrastructure and energy projects. Beyond technical skills, I also developed a sharper sense of professional communication, teamwork, and problem-solving—skills that are invaluable in any career path. This internship has not only expanded my perspective on finance and infrastructure but has also solidified my interest in pursuing a career in project finance. I am grateful for the mentorship, the exposure, and the collaborative spirit that made my time at Synergy Consulting so impactful.

My experience at Synergy has been exceptionally rewarding. The exposure to diverse aspects of finance has greatly enhanced my knowledge and practical understanding of the field. The structured training programs, combined with a collaborative and supportive work environment, have contributed to a deeply enriching professional journey. The team's approachability and willingness to guide have been instrumental in facilitating continuous learning. Overall, my time at Synergy has been a valuable growth experience, both intellectually and professionally, and I am grateful for the opportunity to be part of such a dynamic and nurturing organization.

▶ My internship at Synergy Consulting has been a great learning experience. It was my first exposure to the field of Project Finance, and I gained practical knowledge by working directly on live projects. I got the chance to work on real-time financial models, which helped me understand the key concepts and applications of project finance. The support and guidance from my mentor and team made the experience even better. They were always approachable and ready to help, which made learning smooth and enjoyable.

My internship in project finance was very insightful. It deepened my understandings in financial modelling, risk assessment and documentation. I was able to contribute by helping team in case runs on the model, conducting examinations & review of documents and preparing presentations & documents which helped me gain hands-on exposure to the ongoing transactions. Team was taking note of my opinions and time off their schedule to align my understanding with industry practice. I can confirm that these opportunities have provided me significant growth in overall Transaction Advisory domain.

Raghav Modani
MDI, GURGAON

▶ Interning with Synergy has worked out best for me for the following reason, I learnt the ins and out of project finance and modelling from the best player in the industry, I have made connection with the best minds in finance across the entire country and my work directly contributes to make the world a better place because of the kind of projects synergy does.

Congratulations on Successful Completion of Synergy Summer Internship 2025

Mohit Agarwal
SPJIMR, MUMBAI

My overall experience at Synergy Consulting has been enriching and knowledge-enhancing. I have had the chance to work on live deals and contribute to financial models. The work has encouraged me to learn new concepts and apply them practically. While the learning curve is steep, the guidance from the team has been helpful. Overall, the experience has been valuable and has added depth to my understanding of infrastructure financing.

My internship at Synergy Consulting has been an incredible learning experience. Over the past two months, I got the opportunity to work on live infrastructure projects, financial models, and understand key project finance concepts. The mentorship I received from the team, especially Shivam, Amit and Manjeet, helped me grow both technically and professionally. From running complex models to analysing project agreements, every task gave me hands-on exposure. I truly appreciated the open culture and the focus on learning. I'm grateful to have been part of Synergy and will carry these experiences with me in my future career.

Sahil Kapoor
SPJIMR, MUMBAI

Congratulations on Successful Completion of Synergy Summer Internship 2025

It was great interning here at Synergy, especially when you don't feel like an intern. I felt like a part of the team working on live projects. The work involved real financial modelling and bid proposals, which in itself was interesting and required great attention to detail.

Shreyas Saket
XLRI, JAMSHEDPUR

My experience with synergy during my internship was engaging and full of learning. I had the opportunity to meet and interact with people from various backgrounds each with unique skillsets that they were able to apply as a team to effectively run this organization. I really enjoyed my work that I feel had a very good mix of checking your industry knowledge coupled with your ability to solve problems both in a quantitative sense and at the same time the solutions were also practical in nature. I hope I get the opportunity to work here again.
